Mr. J. L. Curry Chief of Police

> aubject: Jacobson, Coleman, H. D. Room 722, Doctors Building Hem: 6121 Freeton Haven Fho: 3M 8 2526

Sir:

I contacted a confidential informant who stated:

That this doctor has been interviewed by the FBI and a private investigator hired by Kr. Belli.

That the doctor has known dach Leon hiby since 1956 socially and professionally, help has visited his home on several oc-saions, and the doctor has visited suby at the Vegas and the Gerousel Clubs. They have attended a synapogue together. The that help doctor has been at the desired of left suby?s. As attested that help doctor has been and operated consistent of the desired consistent with the desired consistent on the linesy and operated consistent when the desired consistent of the desired consistent on the linesy and operated consistent of the desired con

The ometer describes why as flambount and excitable with mo stable sections he stated that ship has a great deal of nervous energy and a good stitutes towers everything. That ship had not all the stable of the stable of the stable of the stable of the deal with palling with his, and the dotter knows no as associcially and ship furnishes an orchestra to entertial the stable of each year and charges only should to over the expenses.

The doctor does not know Lee Harvey Cawald, and suby has never mentioned his name. He stated that he has never seen kuby with a foreigner and has never seen him flash large amounts of money.

Medical Record
